Need **HELP**

with

Medicare Costs?

If your income is less than \$2,268 per month and you have limited assets, you may qualify for help with medical costs not covered by Medicare and with prescription drug expenses.

SHIP provides free, impartial information to help Medicare beneficiaries make decisions about their Medicare options. We strive to help them be wise consumers and to get the most value for their Medicare health insurance dollars.

The State Health Insurance Assistance Program (SHIP) is a free and impartial counseling program for people with Medicare. SHIP is provided by the Administration for Community Living and the Indiana Department of Insurance. We are part of a federal network of State Health Insurance Assistance Programs located in every state. All of our services are free.

SHIP offers gratifying volunteer opportunities for hundreds of people across Indiana. We provide services through many channels: seminars, local community training, one-on-one counseling, public speaking, publications, videos and more. SHIP Counselors complete a 24-30 hour initial training to become certified. Volunteer also attend bi-annual trainings to keep them apprised of the changes involving Medicare and related topics.
